Vix Automations

The AUTOMATE checklist ⚡

5 GoHighLevel automations, step by step

Tick each box as you build. All five use standard GoHighLevel **Workflows** (Automation → Workflows → Create Workflow). Test every one with your own phone number before switching it on.

1 Speed-to-lead reply ⚡

Reply while the lead is still interested.

- [ ] Trigger: **Form Submitted** (add a filter for your main form)
- [ ] Action: **Send SMS** with first name + booking link
- [ ] Action: **Send Email**, same message, more detail
- [ ] Action: **Assign to User** + **Add Task** "Call within 1 hr"
- [ ] Add **Create/Update Opportunity** into "New Lead" stage
- [ ] Exit the workflow once an appointment is booked

2 Missed-call text-back 📞

Turn missed calls into conversations.

- [ ] Trigger: **Call Status** → filter for missed / no answer

- [ ] **Wait** 2 hours, then **If/Else**: has the contact replied?
- [ ] No reply → send your booking link
- [ ] **Internal Notification** to the team either way
- [ ] Check the SMS sends from the number they called

3 Reminders + no-show rescue ⏰

Fewer empty slots in the calendar.

- [ ] Confirmation SMS + email straight away
- [ ] **Wait** until 24 hrs before → reminder with reschedule link
- [ ] **Wait** until 1 hr before → short final reminder
- [ ] Second workflow: **Appointment Status** = No-show
- [ ] No-show → "Want to pick a new time?" + booking link

4 Review requests on autopilot ⭐

More 5-star reviews, problems handled privately.

- [ ] Connect your Google Business Profile in Settings
- [ ] Trigger: **Pipeline Stage Changed** → "Completed"
- [ ] **Wait** 2 hours, then send "How did we do?"
- [ ] Happy reply → **Send Review Request** (Google link)
- [ ] Unhappy reply → **Internal Notification** to the owner
- [ ] Follow up once after 3 days if no review yet

5 Old-lead reactivation 🧟

You already paid for these leads. Bring them back.

- [ ] Build a **Smart List**: no activity in 90+ days, not a client
- [ ] Add them to the workflow with a bulk action (in small batches)
- [ ] Stop the sequence as soon as they reply (**Contact Replied**)
- [ ] Day 1: friendly SMS "Still looking for help with...?"
- [ ] Day 4: a useful tip or short case study by email
- [ ] Day 10: one simple offer + booking link, then stop
